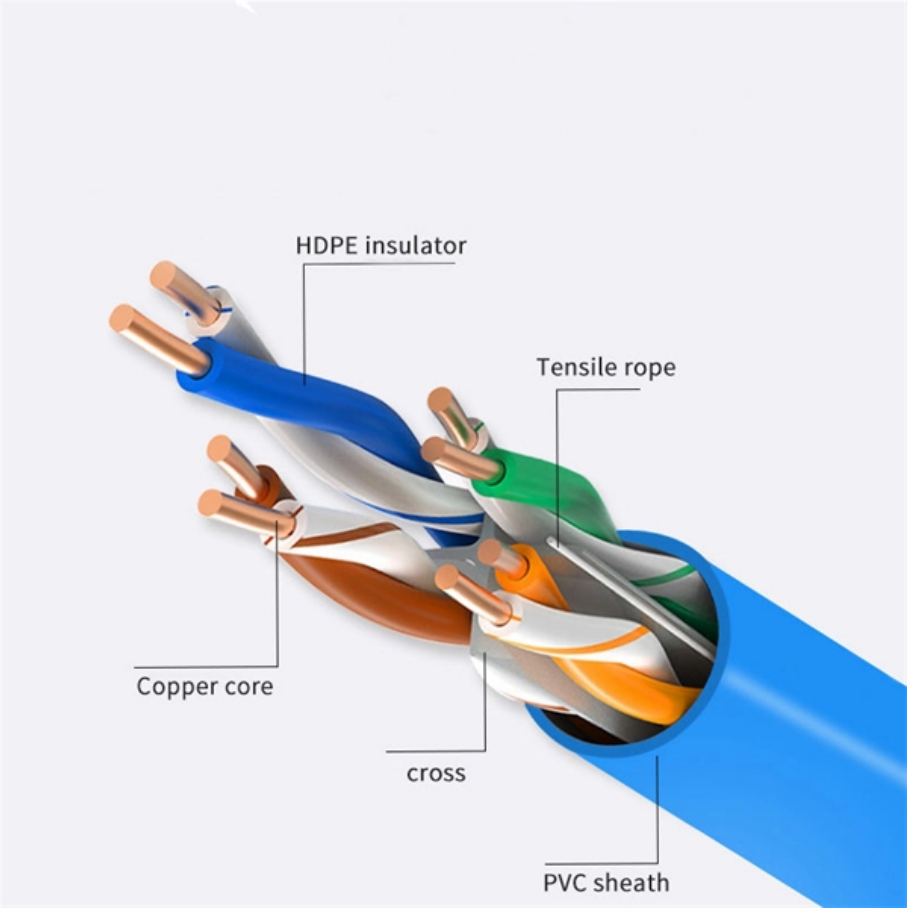
FRINDEL OPTICS

576-core optical distribution box



Overview

The ODC series SMC Optical Fiber Cross Connection Cabinet is used for optical cable connection, distribution and management in outdoor fiber networks. It is an ideal equipment for supporting the fiber distribution in high-density capacity data center. generally the OCC/ODC/FDT consists of several part, like integrated splicing unit, PLC. Fiber distribution cabinet enables telecom operator & service providers to maintain and manage the distribution of connection in a disciplined manner for FTTX network. A:Our main product ranges Fusion Splicer,SFP+ Modules,GEPON OLT, GEPON XPON ONU, with good quality and factory direct price.
