

288-core non-patchable optical cable junction box

Overview

288F Vertical Fibre Optic Cable Joint Box/ Dome Type Optical Fibre Splice Closure, for splicing up to 7 cables, maximum cable size: up to diameter 38mm. This innovative design is an erect and horizontal type with one hinge on one side and opens on another side. Wall And Pole Mounting: Provides flexible installation options, allowing for easy setup in a variety of environments.

288-core non-patchable optical cable junction box

Kexint IP68 288 Cores Junction Box Distribution Box

It is used for the protective connection between two or more optical cables Suitable for single core fiber optic cable and ribbon fiber optic cable
