

380V Distribution Box 1600

Overview

3, this cabinet supports rated voltage 380KV, rated current 1600A, and rated frequency 50Hz, with an ingress protection rating of IP40. Power Input and Main Circuit: Mains electricity is connected to the busbar via the main circuit breaker (CHINT NXM series). The main circuit breaker controls the on - off of the total power supply, and the busbar distributes electrical energy efficiently. according to IEC 61439 Protection Class II up to 1600 A 2_ POWER DISTRIBUTION BOARDS UP TO 1600 A INSULATED ENCLOSURES Safe due to the highest material quality. Flexible Configuration - Supports 14 ways (3P) or 42 ways (1P) for versatile circuit management. XM Power Distribution Box 1600A IP40 380KV Custom Industrial Power Cabinet GAOBO XM power distribution box is a heavy-duty low-voltage power distribution unit designed for industrial and large-scale commercial power distribution systems. The QDX 1600 H series of cabinets makes robustness its strong point, specifically in all those applications where both a high level of protection from external agents and a high breaking power from the short circuit are required. is one of the leading manufacturers and suppliers of 100-1600kva 380v communication low voltage distribution cabinet in China, also supports customized service with low price.
