

8-port optical transceiver box with LC coupler

Overview

This 8 Ports LC SC Wall Mount Fiber Optic Termination Box Cable Optical Terminal Enclosure is made of 1. The 8 ports metal fiber terminal box is similar to the fiber optic patch panel in appearance and function, which designed to connect optical fiber cable and pigtail within building entrance locations and other indoor wall mounted environments. Simple with light weight in design, special snap clip close system coinvent for user. Suitable to work with 8 pcs SC Simplex or LC duplex fiber adapters on wall mount use. Crafted with sturdy metal, this wall-mountable box guarantees durability and reliability for your network connections.

8-port optical transceiver box with LC coupler
