

Applications of Armored Fiber Optic Patch Cords

Sandblasting surface treatment process

Wear-resistant, waterproof, rust-proof, environmentally friendly, beautiful and generous, long service life

Overview

For harsh environments or other data center and IT networking applications where there is a greater risk of damage to your fiber optic network, armored fiber optic cables deliver the protection you require. The fiber optic patch cord types are classified by the fiber optic connector types. Built with a steel-armored layer that provides extra crush and rodent resistance, these. This innovative design makes it highly suitable for server rooms and various harsh environments.

Applications of Armored Fiber Optic Patch Cords

FiberMania Technology , OEM Fiber Optic Solutions

FiberMania delivers rugged, high-performance FTTA fiber solutions for outdoor wireless networks. Our armored patch cords, IP-rated assemblies, and precision
