

# **Are the fiber optic connector housings removable**

## Overview

---

All housings have field-installable lock kits available for both front and rear doors. Closet connector housings (CCHs) provide interconnect or cross-connect capabilities between outside plant, riser or distribution cables and opto-electronics. The housings are to be used with F1 contacts, F2 contacts, HMUA-F3 ferrules, HMUB sleeve holder, HSC ferrules, LC connectors, LC plugs, Lightray. Like other LANscape solutions hardware, the housings accept CCH connector panels. Choose from racks, panels, modules, splice trays, ethernet fiber switches and other structured cabling components.

## Are the fiber optic connector housings removable
