

Belgian Anti-Catling Optical Cable 24 Cores

Overview

Offered in OM1, OM3 and OM4 multimode and OS2 singlemode, in 4, 8, 12 or 24 core fibre configurations. All feature a corrugated steel tape armour for protection from rodents, a central loose tube construction and internal/external LSZH (Low Smoke Zero Halogen) sheath. High-speed data transmission cables are designed for all applications (campus, backbone, horizontal cables) and available for all environments (Industrial, Residential and Office Buildings). ACOME Protection Index against rodents IPA: ★★☆☆☆ = Reinforced Protection Marking of. Skylane Optics offers the full range of transceivers with an unique set of services, such as testing, coding, customization, effective support & technical expertise. Central tube cable (CTC), multimode OM4 cable is a lightweight, non-metallic, universal small diameter central tube cable (indoor / outdoor), protected from rodents and longitudinal water penetration. Our more than one hundred years of experience have resulted in a broad and high-quality product assortment.
