

Bolivia Fiber Optic Distribution Cabinet 2 Cores

Overview

The 2 Cores Fiber Distribution Box (FDB-102A-1) IP-55 SC Connector PLC Splitter is a compact and rugged outdoor enclosure designed to provide a safe and secure environment for fiber optic cables and splices. Fiber distribution box is suitable for the wiring connection of optical cable and optical communication equipment, through the adapter in the wiring box, the optical jumper leads the optical signal, and realizes the optical wiring function. This is FTTH Box, a 2-core fiber optic distribution box with PC ABS material, CE RoHS FCC certified, ideal for FTTH networks, waterproof dustproof. Achieve successful cable management, handle high amounts of fiber cable and add density to fiber frames with the new DCX Optical Distribution Frame (ODF) System which features innovations like flippable cassettes, modular frame design and multiple configuration options.

Bolivia Fiber Optic Distribution Cabinet 2 Cores

2 Core Fiber Optic Distribution Box FTTH Optical Fiber

Quality Fiber Optic Distribution Box manufacturers & exporter - buy 2 Core Fiber Optic Distribution Box FTTH Optical Fiber Distribution Cabinet from China
