

Building power distribution room distribution box number

Overview

An electrical room is a technical room or space in a building dedicated to electrical equipment. Its size is usually proportional to the size of the building; large buildings may have a main electrical room and subsidiary electrical rooms. Electrical equipment may be for power distribution equipment, or for communications equipment.

Building power distribution room distribution box number

Building Distribution System

A building distribution system is a network of electrical components and devices that distribute power from the main power source to various electrical loads
