

# **Bulgarian 800G Fiber Optic Switch with 3-Year Warranty**

## Overview

---

SSE-T8164 comes with a standard (3-1-1) warranty which covers 3 years of labor, 1 year of parts and 1 year of cross-shipment warranty. NADDOD NVIDIA/Mellanox compatible OSFP-800G-2xFR4L optical transceiver is a high-speed, low-latency module designed for 800GBASE-2xFR4 Ethernet with link lengths up to 6km over single-mode fiber (SMF) using dual duplex LC connectors. Transceivers Fiber and copper connectivity cable options Edgecore Optics delivers high-performance, reliable optical transceivers designed for data centers, AI clusters, and telecom networks. Our solutions ensure scalability, energy efficiency, and seamless interoperability for next-gen. Designed specifically to enhance data center networks, the SSE-T8164 offers 64 ports at 800 gigabits per second. Juniper's AI data center solution is a quick way to deploy high performing AI training and inference networks that are the most flexible to design and easiest to manage with limited IT resources.

## Bulgarian 800G Fiber Optic Switch with 3-Year Warranty
