Optical splitter cassette type refers to the port 2.0mm / 2.0mm clip-on fiber multichannel direct output with a plastic box packaging protection and easy to use.

Optical splitter rack mount type is using metal box packaging which can be installed in 19" frame or cabinet.

Optical splitter LSA box type is made by flame retardant material box or plate packaging. Handy suitable for cable process fiber box and well-organized terminal box.

Optical splitter mini type refers to the port 0.9mm clip-on fiber multichannel direct output with a compact design and easy to use.

NEC Standards for Cable Trays: Grounding, Fill Capacity

These trays are ideal for use in commercial offices, industrial facilities, data centers, and smart building infrastructure, where reliability, accessibility, and efficient cable management are
