

# **Cable tray fixing clip accessories**

## Overview

---

Direct fixing: gas guns and other direct fixing elements to quickly, easily and effectively anchor elements such as clamps or perforated tapes. Cable trays are components used in the wiring of buildings to support insulated cables and organise them to be hidden from view. They offer an alternative to open wiring or electrical conduit systems and are necessary for cable management in commercial and industrial construction, as well as. For ease of installation and accessibility, lay cable and hose in trays instead of pulling it through conduit or raceway. Discover a full range of basket tray accessories at Direct Channel, including couplers, brackets, bends, tees, crossovers, and fixings.
