

Cable tray with 45mm opening for climbing

Overview

The tray offers a 45mm cable laying depth, with widths 150mm,300mm,450mm,600mm and standard lengths of 3m. Flexible to install, its good performance combined with a visually appealing profile in the electrical industry. Steel cable trays offer a practical and durable solution for cable management in industrial and commercial applications. Ensures a Proper Bend Radius to Reduce Cable Stress and Keep Your Cable Tray Organized This SmartRack® exit clip helps reduce bend-induced stress, pinching, pressure points and fatigue in your wire mesh cable tray system. Combining local manufacture and distribution with an extensive product range, these facilities ensure we.
