

Chad SMC Material Distribution Box

Overview

The box is made of SMC glass fiber reinforced polyester material. It has many advantages such as environmental protection, beautiful appearance, no light pollution, strong insulation, chemical corrosion resistance, flame retardant and thermal insulation, good toughness. Power Up Your Distribution System with SMC/FRP Boxes! Durable, reliable, and built to last, our distribution boxes ensure safety and efficiency for your electrical systems. Perfect for industrial and commercial applications! Tailored to Your Needs! As a leading customized panel manufacturer, we. Made from high-grade Sheet Moulding Compound (SMC), these boxes provide unmatched protection against environmental hazards and. The low-voltage cable distribution box is applicable to the low-voltage power distribution system with AC 50Hz and rated voltage of 220/380v in industrial and civil buildings for lighting distribution and power circuit leakage, overload, protection, etc.

Chad SMC Material Distribution Box

SMC Distribution Box

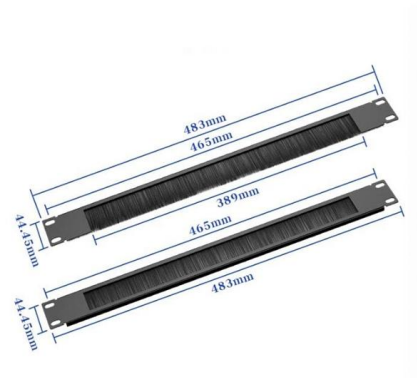

The main virtue of SMC is increased strength due to its long Fibers, as compared with bulk moulding compounds. It is corrosion resistant, affordable to produce,
