

Complete range of mesh cable tray products

Overview

The GR-Magic®, the Magic® G mesh cable tray, and the heavy-duty SGR mesh cable tray with their various shapes, side heights, surfaces and range of accessories are ideal for satisfying the most varied cable routing requirements. Mesh cable trays are ideal for the flexible and safe routing of cables from A to B. Typical areas of application include data centres, industrial plants or hygienic environments. Our product range includes stainless steel cable trays, galvanised cable trays, and wire cable trays, available in multiple cable tray types — closed, perforated, ladder, and wire-mesh. Each system is designed to ensure strength, corrosion resistance, and long-term performance in the most demanding.
