

# **Core Switch S7500**

## Overview

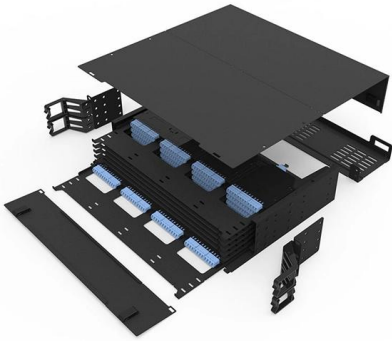

---

H3C S7500X switch series is the first of its kinds in the industry to support wire speed performance for high density 10G/40G/100G line cards and can meet the existing and future application requirements of e.

## Core Switch S7500

---

### 1234

Virtualization technologies - MDC Capability MDC virtualizes one S7500X switch into multiple logical switches, enabling multiple services to share one core switch. The 1:N virtualization maximizes
