

Digital Fiber Optic Sensor FX-100

Overview

The FX-100 sensor features a dual two-color digital display with push-button and external input teaching capabilities. Versatile connection options include an industry-standard M8 quick-disconnect or connector/cable assembly. Continued to use the configuration system of digital pressure sensor DP-100 series, which has received high popularity since its release. We have separated the settings into three levels: RUN mode, SET mode, and PRO mode, making operation simpler and easier.
