

# **Distribution box BA wiring terminals**

## Overview

---

Also, when using BA711S, BA811S, BA911S of 100A or larger, use BAL2 or BNL8. Murrelektronik supplies a comprehensive range of distribution boxes: They create optimum installations for any application and are cost-effective, reliable, and space saving solutions! Ô Saves space! Fewer terminal blocks, fewer cable entry systems, and fewer terminal boxes in the field are.

Schneider Electric NSYEBs are enclosed IEC power distribution blocks that are available with copper or aluminum lugs. They are one-pole modular units with an interlocking dovetail feature that enables ganging of the blocks to create multi-pole configurations according to application requirements. The product range includes busbars, wiring bridges in various lengths, and protective ground and neutral conductor terminals.
