

Does the fiber optic cable have an MSDS report

Overview

This product is not regulated under, and a SDS is not required for this product by the OSHA Hazard Communication Standard (29 CFR 1910). Any variations are in core composition and will not materially impact the validity of this product with a soft underlayer foam. For dust protection, the fiber package has a domestic opaque plastic 'cling film'. Copying and/or downloading of this information for the purpose of properly utilizing 3M products is allowed provided that: (1) the information is copied in full with no changes unless prior written agreement is obtained from 3M, and (2) neither the copy nor the original is resold or otherwise. NOTE 1: CHEMTREC telephone number is to be used only in the event of chemical emergencies involving a spill, leak, fire, exposure, or accident involving chemicals. Material Safety Data Sheet (MSDS) is a document that provides critical information about hazardous chemicals and substances used in workplaces.

Does the fiber optic cable have an MSDS report

Search Safety Data Sheet (SDS) Database

Easily search and download Safety Data Sheets (SDS/MSDS) for product safety information and handling instructions for Epoxy, Adhesives, Lapping Film, Silica Microspheres and more materials
