

# Drilling brackets for cable trays

## Overview

---

These brackets are securely fixed to the wall or ceiling using a supporting flange, providing a stable and reliable platform for the cable tray system. They come in various designs, including L-brackets, U-brackets, and cantilever arms. OBO BETTERMANN has offered products and solutions for electrical installation for over 100 years. With our many years of experience, we are one of the leading manufacturers in this field. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore. Several mounting options are available for wire mesh basket trays and cable trays, improving safety, ease of maintenance, and overall effectiveness. Since cable tray support is used in a wide variety of applications, and under varying conditions, it is important that you gain an understanding of. 75mm Premier Stand Off Brackets (HDG) The 75mm Premier stand off bracket is designed for securely spacing cable trays up to 75mm wide from wall or surface mounts.
