

Ect cable tray

Webit Cabling

Overview

Clear cable routing – Organized and safe cable management, easy maintenance, helps prevent failures. Strong and durable – Made of hot-dip galvanized steel or stainless steel, suitable for indoor and outdoor applications. ECTRAY offer a wide range of perforated cable trays which are fabricated using quality raw material such as Zinc Aluminum Magnesium (ZAM). Cable trunking is fully enclosed cable support and protection systems, and are one of the three main types of cable trays.
