

El Salvador fiber optic cable installation price

Overview

View bundle prices, download speeds to find your ideal home internet and TV package. The initial cost of installing fiber optic cables can vary depending on the chosen installation method and specific project requirements. Total Project Costs: For commercial installations, expect costs ranging from \$5,000 to \$20,000 per mile for underground projects and from \$40,000 to \$60,000 per. The installation type you choose and the layout of your property determine the total labor and materials needed for your project.
