

Elevator Independent Power Distribution Box

Overview

Specially developed for elevator systems, this electrical distribution panel combines safety, compact design, and high efficiency. is one of the reputed elevator spare parts trading company located in Xi'an (China), has in present day a world-wide distribution offering its high quality products with competitive prices, and a special customer service to many clients around the world. The LG50-DL2 and SPLG50-DL2 are original switching power supply boxes from SIGMA (formerly LG Elevator), designed specifically for SIGMA elevator control systems. This range supports modernization projects by providing safe, ready-to-use solutions adapted to various installation contexts. Electric Meter Cabinet Complete Switchgear Power Distribution Box Aluminium Steel Withdrawable Unit for Elevator Control Cabinet is a crucial component of electrical systems, playing a vital role in safe and efficient power distribution.
