

Fe Single-Fiber Single-Mode Optical Module

Overview

The 100 Gigabit Single-Mode Optical Module SFP-FE-LX is an optoelectronic converter module with SFP (Small Form-factor Pluggable) interface that supports 100 Gigabit Ethernet standard. Juniper Networks® has platforms ranging from the Juniper Networks CTP Series Circuit to Packet Platforms, BX Series Multi-Access Gateways, E Series Broadband Services Routers, M Series Multiservice Edge Routers, MX Series 3D Universal Edge Routers, to the T Series Core Routers. Singlemode Fiber Optic Transmitters, Receivers, Transceivers are available at Mouser Electronics. Modes are the possible solutions of the Helmholtz equation for waves, which is obtained by combining. Whether for use in data centres, telecommunications networks, such as FTTH installations or corporate networks, our modules offer.

Fe Single-Fiber Single-Mode Optical Module

SFP Optical Module 1.25G Single Optical Fiber 20km

This is a standard SFP optical module. It uses a single mode optical fiber and the speed rate can up to 1.25Gbps, transmission distance up to 20 km.
