

Fiber Optic Cable 622

Overview

Technology: Precision-engineer light-pipe System Fiber: Glass Optical Fiber
Termination: Molded Toslink connector Lengths: 2. View datasheets, pricing and availability from DigiKey now! POF retractile fiber cable is a long-needed fiber optic equivalent of coiled electrical retractile cables that have been used in hundreds of electrical applications for many years. 0 mm PMMA core fiber, retractile cables are suitable for all data transmission, security. From Fiber Optic to Copper Cables, from the most innovative products to the smartest solutions, from industries such as Broadcast or Enterprise to Industrial or Data Center, OCC has the connections you need. Over 30 years ago, OCC became a pioneer in the design and production of fiber optic cable. 8 m), Cable type: OFNP, Fiber optic type: OM4, Connector 1: PanMPO, Connector 2: PanMPO, Core diameter: 50 μ m Panduit Pan-Net.

Fiber Optic Cable 622

Multi-mode optical fiber

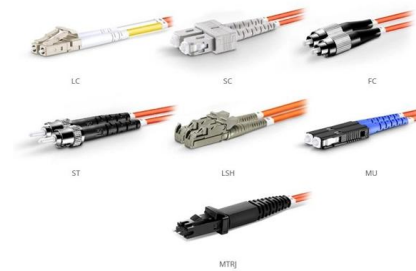

Multi-mode optical fiber is a type of optical fiber mostly used for communication over short distances, such as within a building or on a campus. Multi-mode links can
