

Fiber Optic Cable Core Terminal

Overview

This terminal box serves as a crucial termination point in FTTX communication networks. It connects feeder cables with drop cables, integrating fiber splicing, splitting, distribution, storage, and cable connection in one unit. It's perfect for home or office use and it can also accommodate up to 4 fibers, with. The 4 port FTTH termination box is a professional enclosure designed to provide a reliable and efficient fiber termination solution for indoor fiber-to-the-home applications. It serves as an indoor fiber outlet, connecting drop cables to end-user devices and ensuring stable, high-speed optical.
