

Fiber Optic Grating Demodulator Manufacturer in Albania

Fiber Optic Grating Demodulator Manufacturer in Albania

(PDF) Optical Phase/Frequency Demodulation Using

Our technique exploits the reflection characteristics of fiber Bragg gratings written in polarization-maintaining fibers to create a frequency

[Contact Us](#)

FLT Inc. A world leader in tunable fiber Bragg gratings

Our patented fiber grating tuning technology offers a versatile "all-fiber" filter platform with low-insertion loss and high-power handling capabilities. This technology has wide-ranging applications, including

Simulation and hardware implementation of demodulation for fiber optic

Abstract The demodulation system is a very critical component of the seismic exploration, which determines the response speed and accuracy of data acquisition of the detection system.
