

Fiber optic cable 960

Overview

Designed specifically for military tactical communications, the Cinch Fibreco F960 fiber optic connector is available with 2, 4, 8 or 12 multimode optical channels and features a "pinless" alignment providing flat mating surfaces. Pricing (USD) Filter the results in the table by unit price based on your quantity. Farnell's fibre optic cables are engineered to provide high-speed, high-bandwidth data transmission over long distances with minimal signal loss. OptoTest's new OP960 Series Insertion Loss (IL) and Return Loss (RL) Meters build on the well proven capabilities of the fastest RL meters in the industry, the OP940 Series, with increased speed and enhancements that make them even easier to use. It comprises a single 960µm PMMA core with a fluorinated polymer cladding that brings it to 1000µm, and finally a polyethylene jacket that measures 2. Plastic Optical Fiber (POF) (or fibre) is an optical fiber which is made out of plastic.
