

Fiber optic cable integrated panel angled connector

Overview

A range of 19 inch rack termination panels to accommodate opticalCON, or combinations of opticalCON, SC, ST, E2000 and LC fibre connectors. Consolidate your fiber optic connections in industrial environments with our DIN rail patch panel, with a modular design and tool-free installation save space and simplify deployment. Corning has a wide variety of hardware solutions to choose from to fit your cabling needs. Further the mated cables have best cable bend protection due to 45° angled outlet position. NG4access® Cabled Modules available in all module sizes and fiber counts up to 864 fibers NG4access® Splice Tray Four sizes of interchangeable Propel fiber pass-through adapter packs provide the breadth of capabilities for virtually any configuration.
