

Fiber optic cold splice warranty period

Overview

With 5 years warranty on splice modules, Fiber Products sets new industry standards in the fibre optic market — as the only manufacturer in the DACH region, we offer this comprehensive warranty across our entire product range. This Warranty shall cover the specific optical fiber fusion splicer (s) and specific accessory products included in the Warrantor's bill-of-materials for the specific optical fiber fusion splicer kit (s) purchased by the Warrantee. Optcore warrants to the original customer or purchaser that each of its fiber optic products, and all components thereof, will be free from defects in material and/or workmanship for three years from the original factory shipment date. TiniFiber® warrants to the owner of the installation () that subject to the terms, conditions and limitations stated in the contract, TiniFiber® shall at its sole options for claims made during the Warranty Term (described herein), repair or deliver replacements for any covered TiniFiber® products.
