

# **Fiber optic round to square pigtail FC-ST**

## Overview

---

High-quality tight-buffered fiber optic pigtail protects the fiber optic core, and is easy to strip for splicing. 0mm Cross-section Diagram Superior cable assemblies reduce light loss and easily meet your diverse cabling requirements. In the field of fiber optics, especially within FTTH (Fiber to the Home) applications, distinguishing between different types of connectors is crucial for ensuring proper fiber network performance. We stock a wide variety of pigtail fiber types, including single mode and multimode, with all major connector options like SC, LC, ST, and FC available with UPC or APC polish.
