

G652d48 core optical cable

Overview

When it comes to aerial cabling or outside plant (OSP) deployments, ADSS cable will provide an efficient and optimal solution in most of the cases. Fundamentally speaking, ADSS fiber optic cable is small in size, light in weight, strong in structure, and f. 48 Core ADSS Fiber Cable SM G652D 150m Span Waterproof The optical fiberglass in the ADSS optical cable is guided into loose tube in a wave shape, and then the loose tube is twisted to produce a twisted excess length. The optical fiber has an appropriate excess length, which ensures that the optical fiber is not stressed when the optical cable is s.
