

Gabon-La Optical Cable Construction

Overview

By 2028, Gabon will be connected to Medusa Africa, a fiber-optic cable that will be extended to West Africa. (GL) successfully won the bid for its large-scale buried optical cable project, with a project scale of more than 10 million US dollars. In this project, GL Optical Cable Products have won the full recognition of customers with good technical indicators. Gabonese economic operators are being provided with interconnection with three border countries: Congo, Equatorial Guinea and finally Cameroon. This week, a construction and maintenance agreement was signed between Medusa Africa and ACE Gabon, a subsidiary of the Digital Infrastructure Heritage Society (SPIN). (New Gabon) - World Bank experts and representatives from the National Commission for Public Works for the Promotion of Entrepreneurship and Jobs (Tippee) last week assessed the state of Libreville of the Central Africa Backbone 4 (CAB4) project. Market Forecast By Mode (Single Mode Fiber, Multi-Mode Fiber), By End-Use (Telecommunications, Networking, IT & Data Centers, Broadcast), By Application (Telecommunication, Power Utilities, Medical, Industrial), By Fiber Type (Glass Fiber, Plastic Fiber) And Competitive Landscape How does.

EFFICIENT FIELD TERMINATION

1. **PREPARE** - Strip and clean the fiber

2. **INSERT** - Fast and easy insertion

3. **LOCK** - Secure connection achieved

No Polishing | No Epoxy

Eliminates cable excess length and pigtail splice storage. Designed for high-efficiency onsite installation.
