## Paris Bucket List: 75 Best Things to Do in Paris, France

Whether you're looking for iconic tourist attractions, amazing museums, unique foodie experiences, outdoor activities, or great day trips, these are the best things to add to your Paris

[Contact Us](#)

## Fiber type G652 fibre vs G655 fibre

Both fiber types can support DWDM. G652 has higher chromatic dispersion than G655; enabling G655 to go longer distances without dispersion compensating fiber. I good recommendation

## Why is the acceptable loss on a splice so low?

I feel like the correct answer here is "optical design". Fiber engineers will design a build and account for losses. Typical cable attenuation, and splitter loss is pretty straightforward, but you only have a
