

How much does a 6-meter high cable tray cost

Overview

The average cable tray price per meter ranges from \$2 to \$25, depending on material, type, size, and surface finish. The main cost driver is the material used in manufacturing: We use first and third-party cookies to help you explore our website and offer you personalised experience and product recommendations. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Cable trays will tend to be significantly less expensive to use in 2026 than metal pipes due to their faster installation.
