

# **How much does it cost to assemble the enclosure of the electrical control box**

## Overview

---

The overall cost of electrical box installation can vary significantly depending on the size and complexity of the project. The size of the box will influence its cost, with larger boxes generally being more expensive. Typical residential installations or replacements range from \$600 - \$2,000 (most between \$1,000 - \$1,400), with 200A-rated and outdoor-weatherproof units positioned at the higher end. Costs vary based on amp rating, construction materials, socket type, overhead vs. How do I find a control panel shop near me?
