

# **How to determine the trademark category of a fiber optic trolley**

## Overview

---

02 (a) (the TMEP is the Trademark Manual of Examining Procedure, a manual provided by the United States Patent and Trademark Office, or USPTO, to assist in the filing and prosecuting of trademark applications). If the goods and services in your application are based on "use in commerce," you must be using the trademark in commerce for all the goods and services listed in your application. Trademark registration is a crucial requirement for the businesses who are willing to establish a distinct business image in the marketplace in this competitive era. But the scope of protection of a federal registration of that trademark is only applicable to the specific international class and the goods and.
