

Huawei Drop Cable Termination Tool

Overview

This is a Huawei FastConnect FAT/CTO/NAP box, it is widely used as a termination point for the feeder cable to connect with drop cable. ODN components: Access product manuals, HedEx documents, product images and visio stencils. Used to insert wires into connect-slot of terminal blocks or remove wires from terminal blocks 4. The FAT2808 series products include the FAT2808SD-8 and FAT2808SD-16 for splicing, distribution, and optical splitting of distribution and drop cables.

Huawei Drop Cable Termination Tool

Installing Cable Accessories

Use a dedicated tool to pull out the connector. Install the connector again after you check that the pins are inserted properly. Before tightening screws on cable connectors, ensure that the connectors are
