Huijue 4-port Electrical 1-port Optical Switch

ES5D000G4S01 (4-Port GE SFP Front Optical Interface Card)

Card Overview The ES5D000G4S01 provides four GE SFP optical ports for data access and line-rate switching. It can be installed in a front card slot of the switch models listed in Table 9-17.

Four-port mode-selective silicon optical router for on-chip optical

The switch is controlled by thermal-optic phase shifters, which permits to switch simultaneous states of the optical signal between three quasi-transverse electric modes.
