

Huijue Single-Mode Single-Fiber 100Mbps Fiber Optic Transceiver

Overview

This 100Mbps single mode optical fiber transceiver supports 1x10/100Base-T electrical port and 1x100Base-X optical port. It helps users achieve Ethernet data exchange, aggregation, and long-distance optical transmission functions. Adopting WDM technology, WI-MC101M takes only one fiber cable to transmit and receive data, which will save half cabling cost for you.
