

Huijue pigtail fiber telecom grade

Overview

Fiber Optic Pigtails have a pre-terminated connector on one end and a bare or tight-buffered fiber on the other for fusion splicing into fiber distribution systems. This series features a 12-core bundle design using G652D single-mode fiber with internationally color-coded. , Ltd (HJ Network for short) is the leading manufacturer and solution provider for telecom and communication products. The headquarter of HJ Network including the R&D center, technical center, prototype dept and sales is. Since its establishment in 2002, it has been dedicated to providing hardware, software, and technical services for wired and wireless transmission infrastructure network construction to domestic operators such as.
