

# **Imported multimode fiber 200um core diameter 4 meters**

## Overview

---

These large core multimode glass fibers have 200µm core, 230µm cladding, and 3mm jacket. SEL provides 200 µm fiber-optic cable assemblies terminated with V-pin or ST connectors in customer-specified lengths. View all SEL Cables  
Need assistance with a custom cable?

Contact our support team here: Custom Cable Support EIA-232 Connections—Extend connections up to 500 meters for SEL-2800. Mouser offers inventory, pricing, & datasheets for 200 um Fiber Optic Cables. They can better handle the high-traffic demands of large networks, which makes them ideal for complex network designs. Supplier highlights: This seller is both a manufacturer and trader, primarily exporting to the United States, Australia, and Poland, with a customer satisfaction rate of 95.

## Imported multimode fiber 200um core diameter 4 meters
