

# **Inner Mongolia Photovoltaic Project Cable Tray**

## Overview

---

Inner Mongolia EPC Solar Project required resilient cable management solutions to handle the harsh climate of the region. Providing cable protection, cable support, and wire management, MP Husky solar cable tray systems and solar cable support systems are engineered for utility solar mounting applications. A recent empirical project led by Inner Mongolia Energy Group in China has demonstrated remarkable results in a photovoltaic (PV) desert control project. Only in this long way, we are able to develop all the necessary knowledge and experience to apply this into the market as a quality service with hard cable containment. Baotou City, also referred to as the "Green Silicon City" in China, stands out as.

## Inner Mongolia Photovoltaic Project Cable Tray

---

### Inner Mongolia photovoltaic bracket and accessories processing

On November 17th, the Elion DAS Solar 4GW high-efficiency photovoltaic module project, jointly funded by Elion and DAS Solar, went into production in Inner Mongolia,
