

# **Installation of 12-core fiber optic cable for smart buildings in Sweden**

## Installation of 12-core fiber optic cable for smart buildings in Sweden

---

### Fiber optics possibilities for Swedish companies

It may not be visible to the eye, but Sweden's fiber optics infrastructure is one of the corner stones of our society. It has created the foundation for our

### CTS: Leading full-fiber solutions for seamless connectivity.

Full fibre solutions by CTS enhance connectivity with innovative FTTx products, supporting smart homes and digitalization for a future-ready infrastructure.

[Contact Us](#)

### How Many Core In Fiber Optic Cable Do I Need

According to the IBDN standard, we generally recommend using 12 cores for the communication room in each building, and 24 cores for the building

[Contact Us](#)

### Fibre Optic Cable Installation SOP

This document provides a method statement for the installation of fibre optic cables. It outlines the planning, site preparation, installation of underground and aerial
