

Intelligent Display Cabinet Solution

Overview

Smart display cabinets, equipped with cutting-edge technologies such as RFID, IoT connectivity, and AI-driven analytics, offer an array of features that enhance customer experiences and streamline operations. With Zebra's Intelligent Cabinet portfolio, you can easily and securely store, charge and handle check-out and check-in of your Zebra mobile computers, tablets, printers and more. Your Zebra mobile devices are key to your business, helping streamline workflows, boost productivity and operational. Designed with modularity in mind, they come in six scalable sizes—from Compact to Extreme—accommodating 5 to 100 devices depending. They offer a range of standardized modular and customer-specific storage solutions and ensure greater efficiency and business continuity in the areas of logistics, storage and transport in manufacturing and retail. Whether as a bar, rack, trolley or docking station with locks - the tested storage.
