

Ireland ADSS Optical Cable G 652

Overview

652D ADSS fiber optic cable, featuring 6 cores and a 200m span for aerial communication networks. This specification covers the design requirements and performance standard for the supply of optical fibre cable in the industry. Central Strength Member (CSM): glass fiber reinforced plastic rod (GFRP), with PE sheath covering when needed. UnitekFiber ensures a stable quality control system for our cable products through several programs including ISO 9001, ISO 14001 and ROHS.
