

Is gyxtw fiber optic cable multimode or single-mode

Overview

GYXTW is a single loose tube steel tape armored fiber optic cable designed for outdoor use. It is ideal for aerial or ducted installations, providing reliable communication in metropolitan networks, access networks, and inter-office connections. GYXTW is an outdoor use optical fiber cable suitable for duct and aerial applications. A PSP layer is wrapped longitudinally around the tube, while water-blocking materials fill the gaps to ensure compact structure and reliable water.

Is gyxtw fiber optic cable multimode or single-mode

GYXTW

GYXTW outdoor fiber optic cable is a steel tape armored, single loose tube cable designed for aerial and ducted installations. It offers high fiber density, crush
