

# **Is the fiber optic cable from the telecom company single-mode or dual-mode**

## Overview

---

Single mode and multimode fiber optic cables are two different types of fiber optic cable aimed at different use cases.

## Is the fiber optic cable from the telecom company single-mode or d

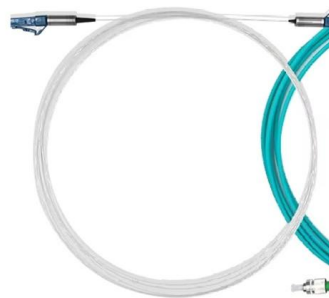

### Single Mode vs Multimode Fiber: What's the Difference?

Learn the differences between single mode fiber and multimode fiber. Explore applications, pros, cons, and when to use single mode optical fiber or multimode
