

Japanese Optical Cable Terminal Box 4 Cores

Output Module

Why Choose Us

Overview

The 4-core fiber termination box provides a stable, protective joint between optical cable and distribution pigtails at the end of fiber cables. This box is used as a termination point for the feeder cable to connect with drop cable in FTTX communication network system. □IP65 Waterproof□The optical fiber connector box is made of PC+ABS material, waterproof, anti-aging, dust-proof, can be used outdoors and indoors.

Japanese Optical Cable Terminal Box 4 Cores

Metal Optical Terminal Box, OTB 4 Cores Cold-rolled Steel

Used as a termination point for the feeder cable to connect with the drop cable in the FTTH communication network system. Fiber splicing, splitting and distribution can be done in this box, and
