

# **Latest news on Jamaica s fiber optic cable**

## Overview

---

A subsea fibre optic cable for Jamaica is expected to be operational by the third quarter of next year. Yesterday, the government signed a letter of intent with Trans Americas Fiber system for the subsea cable project, which aims to strengthen the country's digital infrastructure. Minister of Finance and the Public Service Fayval Williams, addresses the House of Representatives on Tuesday, February 3, 2026. This technological leap is not just a story of modern advancement but also one deeply rooted in the country's ongoing quest for better.
